Nothing Stops This Man

The man with vigorous, virile health, and a clear mind, who brushes away obstacles, and rejoices in overcoming difficulties, is bound to succeed. His is the joyous outlook on life.

Physical and mental conditions like these come largely through proper eating—"Food makes the man."

Now it is a fact—attested by food experts—that the modern dietary is woefully lacking in the very elements that put success into a man. They are the mineral salts—Phosphate of Potash, etc. White bread is almost wholly lacking in them. But there is one food that richly supplies these vital elements, and that food is

Grape-Nuts

Made from whole wheat and barley, Grape-Nuts contains all the nutriment of the grain, including the valuable mineral salts. It is easily digested, is concentrated and has delicious taste. A daily ration of Grape-Nuts along with other food helps build vigorous bodies and keen brains.
